About the Netball Development Trust

Our mission:

Using netball to educate, create opportunities and improve the health of the communities we serve

Netball Development Trust (NDT) is a UK charity that delivers netball at grass roots in less developed countries, allowing children the freedom to play and have fun. We work with schools and projects in the community to help young people to become players, leaders, coaches and officials of the future. We then use netball as a tool to bring communities together, where our partners can deliver 'sexual and reproductive health' awareness.
